Flashing-Type Signal Urged For Broadway

Public Not Receptive To Traffic Light Idea, Report

Need for a flash-type red signal and a warning bell on the Broadway crossing was expressed to the city council Monday night by Councilman Paul McCarthy, in confirming reports that the public did not look with favor on the standard highway traffic light plan proposed two weeks ago.

The council received a reply from A. T. Mercier, general manager of the Southern Pacific, which reported that the study of the Broadway crossing needs is progressing. He said that, since the city did not approve, the uniformed crossing policemen plan has been dropped.

Mercier did not reply to the council suggestion regarding the traffic light plan, either ignoring it, or not being aware of the proposal when he wrote his letter regarding the crossing policemen.

No action was taken by the council on McCarthy's suggestion as the matter now is in the hands of a council committee which is cooperating with the Southern Pacific and the railroad commission in the crossing study. McCarthy, in his report on the needs at Broadway, said conversations he had with citizens confirmed the view expressed editorially in the Tribune Saturday that the traffic light plan was not looked upon as practical.

The council, upon motion of Councilman Eva, seconded by Councilman George McNulty, ordered the installation of stop signs on all railroad crossings, except Main and Broadway.

Solicitor Ordinance Will Get 'Teeth'

On the suggestion of Councilman James Eva, the council directed City Attorney Albert Mansfield and Police Chief C. L. Collins to study the need of putting "teeth" into the solicitor ordinance.

Eva said that under present plans almost any person is able to get a license without much effort. He said some solicitors of San Francisco newspapers, stocking salesmen, and others, proved "offensive" to housewives by their forceful methods to effect a sale.

The councilman viewed the present ordinance, which was found more stringent than those of some other cities, as "too lenient."

Boat Works Owner Wins House Permit

Emil Dehoff, owner of the boatworks at the yacht harbor, was granted permission by the council to build a residence on city-owned lands at the waterfront.

Dehoff revealed that he has expended $5,400 in the boatworks, and plans to spend $2,000 for the new house. He is not paying rent for the present use of the grounds, but at the end of the first year of operation, will do so.

The council has considered the present investments made by Dehoff as of great value to the yacht harbor, and has assisted him to the extent of first year's rent.

Action approving the granting of the house permit came upon motion of Councilman Louis Christensen, and second of Councilman Paul McCarthy.

Jefferson Laundry Hearing March 2

Public hearing on the plan to construct a French steam laundry on Jefferson avenue opposite the new postoffice was set by the city council for March 2 at 8 p.m.

The plan, with Max Bartell as petitioner, won the approval of the city planning board.

It is expected that $20,000 will be invested in the proposed two-story building to be erected by the purchaser of the Bartell property.

Other Matters Before Council

Other actions included:

Accepted bid of Indemnity Insurance Company of North America to give Redwood City three years' protection against public liability damage of $50,000 and $100,000 at a three-year cost of $3,880.94. Robert Higgins, successful bidder, offered to share his commission with the Walter Realty Company, which submitted a close bid on behalf of the Pacific Indemnity Company.

Decided in favor of the present liquor control system except expressed the opinion that Redwood City should have veto power over any license for a place which the council deemed bad.

Instructed Acting City Manager Charles Dimmitt to bring in his former reports on the costs of installing the Brewster avenue storm sewer after hearing a protest from Mrs. Joseph Casaretto that her driveways were washed away again by flood waters.

Cancelled an order directing re-

Spring Opening Date Announced For March 4th

Spring will be officially ushered in on March 4 at 7 p.m., according to announcement made Monday by W. D. Ryan, chairman of the retail committee of the Redwood City Chamber of Commerce.

This is the date set for the annual spring opening which will be staged by local merchants. The event will formally show the new spring styles in every line of merchandise and an effective program is being worked out to draw a big crowd to the business district for the occasion.

The committee handling the event includes Mrs. M. Prussia, Charles Nelson, Robert Steffens and Thomas Joaquin.

Peterson Asks Greater Part Of Auto Fees

Assemblyman's Move Will Permit Extra Patrolmen Here

Designed to give the state highway patrol sufficient funds so that it may nearly double its force throughout California, a bill allocating to that department 60 per cent of all $3 automobile license fees will be sponsored in the legislature next year by Col. Frederick Peterson of Burlingame, assemblyman from this district, he announced today.

At present the patrol gets only 35 per cent of the $3 fees. The other 65 per cent is distributed equally between counties and the state highway department.

"The highway patrol is much more in need of this money, I believe, than are the counties or the highway department," Peterson explained.

"We tried last time to get more funds, but the move was successfully opposed. I feel this year that the opposition will be overcome."

Chief E. Raymond Cato and Director Ray Ingels of the patrol advocated such a measure when they were here last week to confer with the supervisors and other officials on need for more patrolmen in this county, particularly on the dangerous Bayshore highway.

Lack of funds in this biennium prevents the patrol being augmented with new officers, they said. However, they promised to transfer patrolmen from other counties onto the peninsula to alleviate the situation here temporarily. So far the relief officers have not arrived, but are expected shortly, according to Inspector A. J. Ford, who was in Redwood City today on routine business.

Douglass Jr. Sued Over Paris Debt

An indebtedness which Leon F. Douglass Jr., son of the Menlo Park inventor, assertedly incurred in Paris September 9, 1929, today became the basis of a suit for $649.52 brought in superior court by The Chase Bank.

The bank in its petition, filed through the law firm of Knight, Boland and Riordan, asserts that in 1929 Douglass borrowed from it a total of 11,805 francs, and that 8200 francs, plus 1552.52 francs interest, are still due. Value in American money is the amount sought, according to the petition.

Morey Service Well Attended At Menlo Park

Few Dry Eyes Noticed As Kin and Friends Bid Him Farewell

By D. E. O'KEEFE

Yesterday morning the Church of the Nativity was crowded by relatives and friends of the late Harry B. Morey to pay their last respects to the memory of a man who in life was one of Menlo Park's best beloved citizens and one who was highly esteemed by all classes in the community in which he had lived so long.

During the progress of the requiem high mass, celebrated by Father McKeon, there was scarcely a dry eye in the church, for all mourned the loss of the good man, who will be missed by his family and friends for the kind deeds and acts of charity performed by him since boyhood.

The following are the active and honorary pallbearers: Frank Roach, Frank Johnson, Frank Maloney, George Walsh, William P. Goodenough, John B. Glunz, Ed Walsh, Dennis Gagan, Barney Larrecou, Albert Dilg, Pat Kearney, Edward Zwierlien, Thomas Packham, D. E. O'Keefe, H. Weeden, F. Bracesco, W. Maloney, Dan Flynn, M. McCarthy, J. H. Sullivan, F. Maxwell, George Nunn and Joe Nash.

Following the remains to their last resting place in Holy Cross cemetery, a large concourse of mourners accompanied them and tearfully watched the coffin lowered to the grave, located alongside the remains of the father and mother of the deceased.

The floral tributes, tokens of love and affection, were numerous and costly. The services of two large trucks were required to deliver them to the cemetery.

Fifty-two years ago Harry Morey was born in San Francisco, coming to Menlo Park at the age of 12 years with his parents to live in a small cottage near St. Patrick's Seminary. Harry B. Morey Sr. was an expert cement mechanic and superintended the laying of the vast foundation for the seminary buildings for Mr. Goodman, the contractor. It took two years to complete the work. The superstructure was not commenced until two years later to allow the foundation to settle.

Mr. Morey then started contracting on his own account, later entering into a co-partnership with his two sons, John W. and Harry Morey. For many years the firm had a monopoly of cement construction on the peninsula. Some years later the deceased was successful in the operation of a building and material supply business on the highway. Associated with him were his sons.

The deceased is survived by his widow, Amelia Morey; and three sons, John, Joseph and Warren Morey, and a daughter, Madeline Morey; a brother, J. W. Morey, and a sister, Nellie Morey, all residents of Menlo Park.

Council Clash Seen In San Mateo Tonight

(Special to The Tribune)

SAN MATEO, Feb. 17.—A stormy session is awaited tonight when the San Mateo council gathers for its regular meeting.

The break between Mayor Frank Simmen and Councilman Emil Stein which was marked by verbal barriages last week is expected to result in a further clash even before the rgular meeting begins. Simmen insists that there will be no secret caucus of the council prior to the public session; Stein says he will insist that such a caucus be held. Should Mayor Simmen refuse to call the caucus, Stein says he will ask that Edward Keller, vice chairman of the council, preside.

Further clashes are expected when the question of future salaries of Fire Chief Hugh Morris, Judge Arthur Stetson and City Attorney Ernest Wilson is brought up. Councilmen Stein and Fitzgerald wish reductions made, while Malor Simmen and the rest of the council favor salary increases.

Approved purchase of 800 feet of 2¾ inch fire house on bid of $640.

STARTS SUNDAY AT REDWOOD

Photo shows Irene Dunne and Robert Taylor in "Magnificent Obsession." This picture, claimed by the producers to be the greatest classic in motion picture history, starts Sunday for one entire week at the Redwood Theatre. Selected short subjects complete the program.

JAIL SENTENCES METED OUT ON 2 WHO IGNORED COURT

Two speeding motorists who ignored traffic citations found themselves serving jail terms today, following appearances before Justice Edward I. McAuliffe.

William Shuffele, 20, Lodi laborer, was the first to go to jail. He drew a 48-hour term when he refused to pay a $10 fine for travelling 55 miles an hour on the Bayshore highway near Redwood City.

He had been cited January 25 by Patrolman C. J. Lee. He failed to appear January 31 as scheduled.

Instead he wrote a card saying it was "too bad," but he was unable to appear.

Judge McAuliffe issued a warrant for his arrest and he was returned by Patrolman Harold Varney.

Advised he could pay the fine or serve two days, the youth told Judge McAuliffe he "had $10 but wouldn't give it to him." As a result, he was committed to jail.

Second motorist to go to jail from McAuliffe's court was Samuel D. Squire. He was cited by Officer Lee after he had sped past the University avenue intersection of the Bayshore highway in Palo Alto at a high rate of speed and in a reckless manner. He had been clocked at more than 80 miles an hour.

Stopped and given a citation for reckless driving, he became discourteous to the officer. When he failed to appear in court last Friday to answer the charge, Judge McAuliffe issued a warrant for his arrest. It was served on him at his home in San Francisco and he was returned here yesterday afternoon.

He entered a guilty plea to the charge and asked for immediate sentence. When Judge McAuliffe advised him, however, it was the court's intention to allow him no alternative of a fine, he asked for a 24-hour stay of sentence, which was granted. He then was released on $150 bail.

When Squire appeared for sentence, Judge McAuliffe ordered him confined in the county jail for 10 days, pointing out to him that though his business may suffer during his absence, relatives of any victim he might have killed or injured while traveling at the terrific rate of speed would have suffered far more.

Squire, a broker, also faces similar charges in Palo Alto. His arrest by Lee did not take place until he had run out of gasoline about four miles south of the county line in Santa Clara county. When he crossed into that county Inspector A. J. Ford and Capt. Edward Tressler, who were in the vicinity, also gave chase. Tressler likewise issued him a citation to appear before Justice Edward Hardy in Palo Alto. He ignored it, and yesterday Judge Hardy also issued a warrant, setting bail there at $250 cash.

DAVID R. HOULE RITES TUESDAY

Local Builder Victim Of Heart Ailment At Home Here

Last rites for David Arthur Houle, retired contractor and builder who died at his home here at 9 a. m. Saturday after five weeks' serious illness due to a heart ailment, were held at 10:30 a. m. Tuesday at the chapel of Frank C. Wyckoff, 221 Park road, Burlingame, with entombment following at Cypress Lawn catacombs.

Mr. Houle, who had lived here for the past eight years since his virtual retirement due to ill health, was formerly of Burlingame. He had lived there 25 years, and built the first apartment house in that city. Previous to his work in Burlingame, he had been engaged in building business in San Francisco. He was a native of Wisconsin, but had lived in this state since 1900.

Left to mourn his passing are his wife, Rose; two daughters, Mrs. Dorothy Gardner and Mrs. Reba Tyrell, both of San Francisco, and three sisters, Mrs. Millie Jackson, Mrs. Louise Enos and Mrs. Mary Keelan, all of Wisconsin.

RESIGNATION ACCEPTED

(Special to The Tribune)

SAN CARLOS, Feb. 17.—Members of the San Carlos Congregational Church accepted resignation of Rev. Reed B. Cherington yesterday and decided to appoint a committee representing six organizations in the church to meet with Dr. H. H. Gill Tuesday evening, February 25, to discuss selection of a new pastor.

Wyatt Addresses State Secretaries On Books, Folders

Secretary-Manager Roscoe D. Wyatt of the Redwood City Chamber of Commerce was back in his office today after attending the three-day convention of the California Association of Commercial Secretaries at Coronado, where he addressed the group on descriptive folders.

Not expecting to have to speak, Wyatt, one of the past president of the organization, was pressed into service when Arthur Dudley of the bay region failed to arrive.

Wyatt explained the various types of folders and booklets issued by various California communities, an ddeclared that California "is overlooking a great opportunity by not capitalizing on its historic points of interest."

Wyatt said that in some chambers of commerce the hundreds of questions asked by prospective tourists and visitors have been published in folders with the correct answers and thus have been the means of saving both money and correspondence, still furnishing the tourist with the information sought.

The local man also served on the nominating committee. From Northern California Joseph M. Parker, Oakland chamber manager, was elected president, Granville Browning of Hayward, secretary, and L. H. Grady, Tracy, member of the advisory council.

Fifty-six paid secretaries and about 45 other people attended. Included from the peninsula besides Wyatt were Margaret Williever, Palo Alto; Gilbert Keitle, San Mateo, and Alice Van Bergen, Burlingame.

German newspaper circulation dropped a half-million in the first six months of 1935.

COASTSIDERS FIND FISHES IN FURROWS

Excessive Rainfall Causes Overflow Of Reservoirs

(Special to The Tribune)

PESCADERO, Feb. 19—Coastsiders of San Mateo county now believe that it actually rains fish.

At least, they know that they have taken salmon out of their artichoke fields, and they know the unsual occurrence was due to the heavy rain of the past week.

But there is an explanation. Here it is:

Salmon have been coming up the Pescadero creek and other streams lately to spawn. Some of them have gotten into the open reservoirs from which the artichoke fields are irrigated.

The almost incessant raining has caused the reservoirs to overflow. And with the overflow have gone salmon. Down into furrows between rows of artichokes have the fish gone. And yesterday on the Humphrey ranch just below Pescadero two 10-pounders were scooped out of a furrow stream and more were seen swimming around in the water.

Good Headlights Prove Important Safety Feature

DETROIT, Feb. 13. (Special)—Efficient, correctly-adjusted, nonglare headlights are just as important an automobile safety featureas good brakes, steel bodies and wide-angle vision, in the opinion of Philip J. Kent, automobile electrical engineer.

As proof of this contention, Mr. Kent this week cited a recent investigation which disclosed that 55 per cent of all automobile accidents occur after nightfall. He said the investigation also revealed that glaring and faulty headlights caused a large percentage of these night accidents.

"State official and safety experts are thoroughly cognizant of the situation, as witnessed by the fact that a number of states have passed legislation compelling the periodic inspection of headlight," Kent said.

As chief electrical engineer for the De Soto Motor Corporation, Mr. Kent supervised the development of new type headlights that eliminate the two main faults of previous lights—excessive glare and insufficient illumination on the curb side.

WIFE TWICE TRIES DEATH IN GAS OVEN

SAN MATEO, Feb. 18—Believed despondent over domestic troubles, a young San Mateo wife tried twice to take her life last night, failing both times and ending up in the county jail at Redwood City where she is being held for observation.

She is Mrs. Ella Pierce, 26, wife of James Pierce, 141 North Humboldt street, refrigerator company employe.

SISTER SAVES LIFE

Early last night Mrs. Pierce's sister, Mrs. Helen Ward, who had heard of her sister's family difficulties, dropped in for a visit and found Mrs. Pierce with her head in the oven of the kitchen stove and all gas jets turned on, local police said.

After dissuading her sister from this suicide try, Mrs. Ward decided to take her to the Ward home until she recovered from her despondency. But on the way Mrs. Pierce jumped out of the automobile and fled.

Fearing that she would make another suicide attempt, Mrs. Ward asked San Mateo police to aid in searching for the woman. A patrol car went to the Pierce home where officers found Mrs. Pierce with her head in the oven again.

She insisted to officers who took her to the police station that she intended to take her own life the first chance she got, so they sent her to the county jail for observation.

Mrs. Ward said that on other occasions Mrs. Pierce had become despondent and attempted suicide.

800 OF REGISTERED MEN FOUND TO BE ELIGIBLE BY McLAUGHLIN VISIT

About 300 Yet to Be Placed on Other County Projects

RULE EXPLAINED

Interpretation Error Led to Belief Shift To County Likely

San Mateo county does not face a works program crisis after all. County Engineer U. S. Marshall and Supervisor Albert Witt, conferring with State WPA Administrator Frank Y. McLaughlin in San Francisco Tuesday afternoon, learned that more than half of the 1,100 men on direct relief and believed not eligible for employment on works projects, can be put to work immediately.

And to relieve the situation still further, nearly $85,000 in federal funds were received in San Jose Wednesday to begin projects in this county immediately.

McLaughlin explained to Witt and Marshall, they disclosed today, that all men on direct relief or working for WPA between May 1 and November 1 of last year automatically were certified to WPA rolls, and were not excluded by the November 1 deadline for not registering, as had been believed.

Only those who became unemployed after that deadline, or for other reasons went on relief after that time, are not eligible for the WPA employment, it was learned.

Consequently, between 800 and 900 men can be put to work immediately on the works program which Witt and Planning Advisor Hugh Pomeroy secured funds for while in the East. Exact number of men available will be ascertained by Marshall from Melville Fuller, manager of the San Mateo National Re-Employment Office, immediately.

ONE PROBLEM UNSOLVED

The problem of caring for those not eligible for employment when the State Relief Administration ceases functioning in the next month or so is still unsolved.

Some of these men will perhaps be put to work on the Harbor boulevard construction here, or on the port project, if the development proceeds, it is expected. Acting City Manager Charles Dimmitt it expected to confer with County Engineer Marshall and WPA Coordinator William Hendricks on this phase of the relief problem.

The funds received in San Jose today include $74,151 for the blanket road project for which $222,455 in government funds has been allotted; $3,586 for a sewer project in North Fair Oaks, and $6,321 for a crossing project at Tunitas. The money alloted on the road project is expected to last until March 15, at which time further funds are expected.

In addition, work is to start at once on the $125,000 Colma Creek drainage project. While most of this project is in South San Francisco, it is expected it will be done under joint supervision of the county engineer's office and R. E. Klassen, city engineer of that northend city. The county contributed $27,000 to the project and the city $3,000. It is the county's plan to furnish a great deal of its share in supervision and use of machinery, supervisors explained after a caucus on the problem in the courthouse this morning.

"We intend to save any of that $27,000 in cash that we can," Supervisor Witt explained. "We intend to see, for instance, that no excessive engineering costs are entailed. I think Marshall and Klassen will be able to get together on handling of the job."

The supervisors were to meet at 4 p. m. today to make formal arrangements for handling the project.

At the meeting also to be considered is the question of purchasing more equipment for the engineering department to use on the WPA projects, and consideration may be given to a proposed ordinance making drunkenness unlawful in the unincorporated areas of the county. Capt. Paul Perussina of the highway patrol addressed a letter to the board today urging that such an ordinance be passed.

Murdock Motors Becomes Agency For Pontiac Here

Announcement of the appointment of Murdock Motors as the Redwood City dealer for the Pontiac 6 and 8 was made today by the Pontiac Motor Company.

The new dealership is operated by W. A. Murdock and is located at 840 Hamilton street, opposite Lynch Bros.

Mr. Murdock comes to Redwood City from Palo Alto where he has been affiliated with the automotive business for the past four years.

The agency now provides for Redwood City a direct factory representation with complete authorized sales and service for all Pontiac owners in this trading area.

A full line of both the 6 and 8 is now on display in several different color combinations.

A stock of re-conditioned used cars will also be on hand within a short time, according to Murdock.

The personnel of the local sales staff will be announced shortly, it was stated.

Malay Peninsula Rubber Industry Story Told Here

How a chance experiment with rubber trees in Malaysia, after the seeds had been smuggled from South America, the former great rubber growing country, produced profound results and gave the British control of the output, was told to the Exchange Club Tuesday night by the Rev. R. H. Silverthorn of Stanford University.

Silverthorn revealed that 80 per cent of the para rubber is now produced on the Malayan peninsula.

The experiments were begun shortly after the founding of a Methodist mission for the purpose of introducing agriculture to the natives and to better their lot. The British introduced the seeds to the new colony, and, finding the Maylans not interested in work, induced Indians and Chinese to care for the plantations.

Silverthorn described the process of tapping the rubber trees and the preparation of the latex, or milk-like fluid, which is the crude rubber. The trees, if properly tapped, have an undetermined lifetime, he said. They are tapped every morning at daylight and flow until the heat of the mid-day sun strikes directly on the tree and coagulates the fluid. The process is repeated daily.

Preceding Silverthorn's talk, William Vielhauer, editor of the Tribune, spoke on "How and Where News Is Gathered in Redwood City."

Leonard Casanova was chairman of the evening, and Pres. John Garland presided.

Pneumonia Takes Warden's Daughter

SAN MATEO, Feb. 19.—Fourteen-year-old Virginia Peek, daughter of the San Mateo game warden and Mrs. C. R. Peek, died last night of pneumonia in San Mateo. Funeral arrangements are pending at the George Sneider parlors in San Mateo.

Middleton Death Decided 'Natural'

(Special to The Tribune)

SAN MATEO, Feb. 20.—Ernest Middleton, San Mateo veteran and WPA worker found dead early this week outside his home here, 'died of natural causes," a coroner's jury decided in San Mateo today.

Many historic American trees are equipped with lightning rods.

COUNTY BUYS SIX TRUCKS FOR WPA JOB

$10,700 to Be Spent From Gas Tax Fund For Equipment

Purchase of six trucks at a cost of $10,700 to assist in carrying out the $1,112,000 WPA road and public works program had been authorized by the board of supervisors today.

The funds are set up in the budget and came from gas taxes, County Engineer Urban Marshall, who made the request, informed the board at yesterday's adjourned session.

All trucks are to be of the same make, and are to be purchased from six different dealers, if possible, in order to distribute the business.

The purchase was approved upon motion of Supervisor Albert Witt Jr., Colma, and second of Supervisor Walter High, Burlingame.

Colma Drainage Pact Deferred

Fear that liability of the county would be established if the resolution went through as submitted by City Attorney J. W. Coleberd of South San Francisco, the board ordered him to rewrite the agreement covering join construction of the new $127,000 Colma drainage project.

Supervisor Fred Beer objected to statements in the resolution that the construction by the county of a rubble-lined canal has accelerated the flow and therefore increased the flood water dangers in the Colma area which caused heavy crop losses.

Beer said the conditions complained of, and through which the county was sued for $11,000, have existed for 30 years, to his knowledge.

A dispute over engineering fees, to total several thousand dollars, was amicably settled when the city of South San Francisco agreed to assume them.

Drunk Ordinance Held Unnecessary

Proposal that the county of San Mateo adopt an ordinance forbidding intoxication in the outlying areas, which came from Capt. Paul Perussina, failed to meet with favor of the board because of the belief present laws are ample.

Asst. Dist. Attorney Daniel Sullivan informed the board that state officers already have the power to arrest an intoxicated person and did not need the extra authority.

Supervisor Witt opposed any further surrender of authority to the state because, he charged, it has already usurped many county powers through centralization of control in Sacramento.

Old Clothes Due At 'Hard Times' Dance Tomorrow

Old clothes will be in order at tomorrow night's dance of the Redwood City Fire Department, being given in the Central Fire House with the Firemen's Orchestra furnishing the music. Admission is 25 cents each.

Committee for the "Hard Times" dance is composed of L. F. Lodi, chairman; E. H. Plecq, Alan McKay, H. P. Tarrett, W. Leslie, Richard Drivon and H. E. Holmquist.

Local Children See Dickens' Play Friday

Students of Sequoia high school, Redwood City elementary schools, and Mt. Carmel Parochial School will attend a special matinee tomorrow at the Sequoia Theatre where Charles Dickens' "Tale of Two Cities" will be presented starting at 2:45 o'clock.

This announcement was made by Manager Tom Kane of the theatre who said the matinee had been arranged through the cooperation of Sequoia Principal Clarence Argo, Sister Superior Mary Elizabeth, head of the Parochial school, and of John Gill, elementary school superintendent.

FIRST CITY SEEN AT 79

GOLDSBORO N. C. (U.P.)—Mrs. Mary Katherine Williams, of Beulahville, near here, is 79 years old. Goldsboro is a town of about 15,000 population. Mrs. Williams went shopping here recently—"the first big city I've ever been to."

Sullivan Denies Double Charge At Arraignment

Preliminary hearing for J. Desmond Sullivan of Menlo Park on charges of negligent homicide and driving while intoxicated was set for February 28 at 10 a. m. in Mountain View justice court when he appeared late yesterday afternoon for arraignment.

At the arraignment, Sullivan, accompanied by Attorney James T. O'Keefe Jr., pleaded not guilty to both charges.

Justice J. M. Atkinson jumped bail on Sullivan from $2,000, set immediately after the accident early Sunday in which two women were killed at Mountain View, to $5,000, which Sullivan posted.

The inquest into deaths of Mrs. Lolita M. Graham and Mrs. Katherine Overturf, victims of the crash, will be held Monday at 1:30 p. m. instead of Saturday as earlier planned.

At the inquest, according to Attorney Joseph J. Bullock who is also representing Sullivan, the accused man will be put on the witness stand to "tell the whole story of the accident." Bullock said he would attempt to show that another car, instead of Sullivan's was responsible for at least one or both of the deaths.

$42,066 Sent Here From Vehicle Fees

Motorists of California contributed $2,917,918.31 to develop county roads and a like amount to build and maintain their state highways, Gov. Frank F. Merriam today reported in announcing checks are being mailed county treasurers for final apportionments due as a result of last year's vehicle registrations.

San Mateo county, with a total of 32,567 motor vehicles registered in 1935, received $42,066.52 for local road building and maintenance.

Hospital Wins $44,000 Extra Sum Requested

Newest Interpretation Of Law Increases Spending Limit

Because of a new interpretation of the Riley-Stewart 5 per cent budget limitation act, the county can spend its entire budget this year without getting express permission from the state board of equalization, it was learned here today.

This information was given by two state board agents when they completed examining the county's books in Controller Edward M. Stack's office.

15% AVAILABLE

They explained that instead of the law limiting budgets to 5 per cent over the previous year's expenditures, the Riley-Stewart act allowed 5 per cent increase for each year since it went into effect. As a result, the county can spend 15 per cent more than it did in 1932-33.

Under this interpretation of the law, the county could spend a budget of $1,126,433 exclusive of bond payments. The present budget calls for expenditure of $1,073,396.

WINS $44,000 MORE

As a result, the Community Hospital can use its full $211,190 budget, and not have to keep with the $166,401 figure which would have applied had each department been required to stay within 5 per cent of last year's expenses.

Controller Stack reported that besides clearing up the entangled status of the county's budget, the two state agents learned that the county's finances were in a "splendid condition." The two who were here and who completed their work shortly after noon today are Frank C. Merritt, assistant administrator, and Leslie Collier, auditor.

One of the commonest creatures on the Keeling islands in the Indian ocean is a monstrous crab which lives on coconuts.

AL SMITH DELEGATE

NEW YORK, Feb. 20 (U.P.)—Tammany Hall assured Alfred E. Smith a chance to "take a walk" at the Democratic national convention today. Tammany Chief James J. Dooling nominated him as a district convention delegate, a proceeding equivalent to election.

Much of the "morocco leather" goods on European markets comes from Kano, a city in Northern Nigeria, British West Africa.

Army Airship Pays Redwood City Visit

Redwood City had a steely gray visitor today that matched the color of the clouds hovering over the city.

The visitor was the army's "vest-pocket" non-rigid dirigible which occupies the vacant hanger of the navy's giant Macon which crashed last year off the Monterey coast.

The blimp is engaged in a series of reconnaissance flights to acquaint the ship's personnel with the topography of the bay region. The airship passed over the city at 9 o'clock, flying over the courthouse.

Add the "*other things*" your Home needs

while FHA *Easy Money is still available!*

Buy Now under FHA *Title One... 3 Years to Pay*

Thousands of families are taking an inventory of the home needs and buying gas and electric appliances without further delay.

Soon the favorable terms of Title One of the FHA will no longer be available. That part of FHA, the Modernization Credit Plan, expires by law March 31.

Have you put off buying a modern gas circulating heater, floor furnace or basement heating plant? Have you always wanted a good washing machine and ironer? Have you wished to bring your kitchen up to date with a smart, new refrigerator, range and water heater?

You can do these things with an FHA loan. You can afford it.

Monthly terms are as little as car fare money. But hurry, while FHA terms are still available.

Juniors: Gum Chuck, Alma Decia, Howard Fitzpatrick, Walter Farrell, Jeanne Fahey, Delores Feeley, Dorothy Fodrea, Bill Grant, Alene Jeffers, Alfred Newman, Russell Newman, Arthur Olsen, Eunice Philbrick, Jack Perrin, Rae Rowlands, Takeshi Shiba, Edgarda Scilini, Kirk Stevenson, Ann Teater, Mary Olsen, Jean Shepherd, Mary Phyllis Seufert and Donald Miller.

Sophomores: Virginia Ashford, Clara Arthur, Anne Bassett, Natasha Carney, John Dusel, James Fairley, George Hildebrant, Kazuo Kariya, Harry Killpack, Virginia Manning, Marion Manners, Miriam Philbrick, Margaret Steele and Carolyn White.

Freshmen: June Bernes, Marjorie Canvin, Lymina Cheney, Marion Cossit, Stanley Dodge, Harrison Fisher, Vera Graham, Eleanor Irwin, Florence Jaeger, Patricia Jeffers, Nadine Johnson, Warren Johnson, Ruth Meyers, Betty Stowe and Ernest Thorson.

Catholic Women Will Give Card Party

Ten Catholic women of Our Lady of Mt. Carmel parish will assist Chairman Mrs. L. P. McGraw as hostesses at the monthly card party to be sponsored by women of the parish tomorrow evening at 8:30 o'clock at Mt. Carmel parochial school, corner of Katherine and Grand streets, for benefit of the school.

On the committee are Mrs. Paul McCarthy, Mrs. John McCarthy, Mrs. McDonald, Mrs. Josephine McKeown, Mrs. H. J. McDonnell, Mrs. John McCrea, Mrs. J. W. O'Brien, Mrs. R. E. O'Connell, Mrs. Edward McAuliffe and Mrs. George McQueen.

Both bridge and whist will be played with score cards selling for 25 cents.

MENLO PARK NEWS

On February 15 a baby girl was born to Mr. and Mrs. Frank Gainer at a Palo Alto hospital. The little miss has been named Mary Beatrice. The arrival is the first born and it goes without saying that the proud father is very happy and wears a broad smile that apparently won't come off.

Last evening Menlo Park Native Sons of the Golden West entertained the grand officers at a meeting held in the Masonic hall. After the routine business was completed refreshments were served. Past Grand President Mr. Koenig commended the local parlor on its growth and progress during the past year and also expressed his gratification with the large number of the old guard of the organization present.

Next Wednesday will be Ash Wednesday. Services in the Church of the Nativity will be held every Wednesday and Friday evenings during lent. Rev. Ralph Smith will conduct special services in Trinity Episcopal Church two evenings each week during lent.

Rev. Father McKeon announced at church services on Sunday last that a mission will be held in the Church of the Nativity, beginning on March and ending on March 15. Two Paulist fathers will conduct the services. This will be the first mission held here in 20 years.

Mrs. Samuel Hopkins, a former resident of Menlo Park, will be married on February 25 to Rudy Sieger, orchestra leader. The marriage of the bride-to-be to Samuel Hopkins 12 years ago was a big social event that will be recalled by many who attended the wedding.

The rain fall for the season is 10.50 inches. This is an half an inch above the precipitations this time last year.

At its Founders' Day meeting last Friday, Menlo Park Parent-Teacher Association voted $10 to the fund which provides milk for undernourished children, $5 to the Boy Scouts, $3 to the national Founders' Day gift, and $25 as a life membership for Mrs. F. C. Beach. Life membership funds are used to assist girls in obtaining higher education.

Tributes were paid to Mrs. Phoebe Hearst and Mrs. Thomas Burney as organizers of the Congress of Parents and Teachers, and to the originator of Founders' Day, Mrs. David O. Mears, who died here last year.

Children of the sixth grade, directed by Miss Elizabeth Boggini, presented a play. A reading, "Four Decades Ago," was given by Mrs. F. C. Beach. Mrs. F. C. Becker voiced a tribute to Mrs. Mears and the association sang "My Tribute," accompanied by Margaret Rosso. Mrs. B. D. Ralston gave a brief sketch of the founders, in whose memory she and Mrs. Becker lit candles.

Refreshments were served by a hospitality committee under the chairmanship of Mrs. James J. Gleason.

The home section of the P.-T. A. met this week at the home of Mrs. Allen R. Connor, 860 Partridge drive.

Some Beauty Shops Open Here Saturday

Despite an earlier announcement that all beauty shops in Redwood City would be closed Saturday, Washington's Birthday, it was announced today several would remain open, proprietors of each shop determining their own policy for the holiday.

Most local stores will be closed in accordance with a schedule of holidays established by the retail merchants' committee of the local chamber of commerce. City and county offices, banks, and the postoffice will be closed, there being no delivery of mail on that day.

BAKERY Specials

Open Saturday For Your Convenience

GREAT NEWS FOR

REDWOOD CITY MOTORISTS!

MURDOCK MOTORS

840 Hamilton Street

(Opposite Lynch Bros.)

becomes dealer for

PONTIAC Sixes and Eights

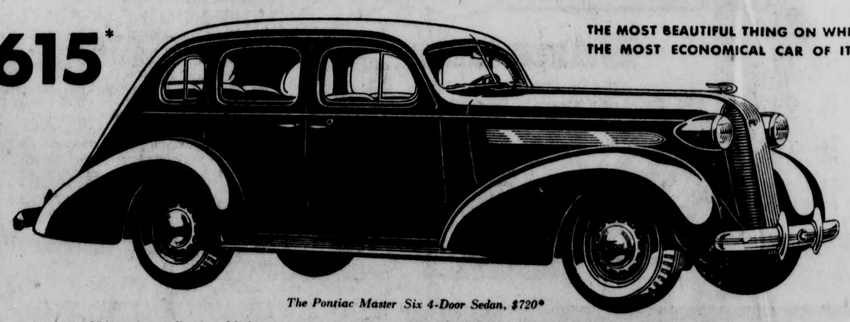
Murdock Motors is now celebrating one of the greatest events in local automotive circles—its appointment as dealer for the 1936 Pontiac—the most beautiful thing on wheels and the most economical car of its class.

Redwood City motorists may now test for themselves the great features that have won Pontiac such a following among America's wisest buyers—the triple-sealed hydraulic brakes, the "Turret-Top" Body by Fisher, the sealed chassis, the finest cooling and lubricating system in use today, and scores more. And you can now learn at first hand the amazing story of Pontiac's unsurpassed economy, safety and dependability.

Visit Murdock Motors today. See and drive the famous Silver Streak. Regardless of what car you now own you are bound to agree—the big, beautiful, low-priced Pontiac is a phenomenal improvement all the way around.

$615*

THE MOST BEAUTIFUL THING ON WHEELS AND THE MOST ECONOMICAL CAR OF ITS CLASS



*The Pontiac Master Six 4-Door Sedan, $720**

**List prices at Pontiac, Michigan, begin at $615 for the Six and $730 for the Eight (subject to change without notice). Safety plate glass standard on De Luxe Six and Eight. Standard group of accessories extra. A General Motors Value.*

All Pontiac cars can be bought on G.M.A.C.'s new 6% plan, which greatly reduces the cost of buying on time.

Scratches on Lamson Face Seen By Officer

SAN JOSE, Feb. 28 (U.P.)—Gordon Davis, Stanford University traffic officer, jolted the fourth trial of David Lamson on charges of murder from humdrum today by testifying he had seen scratches on the defendant the day of Allene Lamson's death in 1933.

Davis, more certain of himself than other prosecution witnesses have been in the past few days, said the scratches were on Lamson's forehead just above the nose and on his hands.

The officer said he noticed them soon after reaching the Lamson home, where he found Chief of Police Howard Zink, Patrolman John Gilkey, Lamson and Mrs. Buford O. Brown, a neighbor, in conversation.

Ethiopian Dead Set Officially at 5000

ROME, Feb. 18 (U.P.)—Between 5000 and 6000 Ethiopians were killed and about 10,000 wounded in the battle of the Enderta on the northern Ethiopia front, an official announcement said today.

Italian losses were put at 196 Italians and native Askaris killed and 523 wounded. One bombing airplane was lost in the battle, it was said, and many prisoners were taken.

M. P. FACTORY MOVES

MENLO PARK, Feb. 17.—The Holmes Puffed Cereal Company is moving from Menlo Park to Sunnyvale, according to Charles E. Holmes, president, who said the move would be made as soon as the Sunnyvale building is remodeled.

STORES CLOSE FOR HOLIDAY ON SATURDAY

Washington Birthday, Other Dates Named For Closings

Announcement was made Tuesday by the retail merchants committee of the Redwood City Chamber of Commerce that nearly all local stores will be closed next Saturday, February 22, for Washington's Birthday.

A list of holidays that will be observed has just been adopted by the group. Included are New Year's Day, Washington's Birthday, Memorial Day, Independence Day, July 4; Labor Day, Thanksgiving and Christmas. On Armistice Day the stores will remain closed from 11 a. m. to 2 p. m. and on Good Friday from 12 m. to 3 p. m.

The closing is voluntary upon the part of each individual store. It was agreed that food and drug stores and some other lines that now remain open on Sundays and holidays would continue to regulate their own hours.

The retail committee of the chamber as appointed by Perry A. Bygdnes, president, is composed of the following merchants: William D. Ryan, chairman; Thomas Joaquin, Clarence Choate, Charles Nelson, W. E. Ayer, Thomas Tuite, Carl Bladh, Harold Meyer, Walter Lynch, W. M. Babcock, Frederick G. Musso and Robert Steffens.

Joseph Bishop, 76, Dies at Emerald Lake

Apparently victim of a heart attack, the body of Joseph Bishop, 76, caretaker at the Emerald Lake week-end home of W. D. Hadeler of San Francisco, secretary of the California Retail Grocers Association, was found in his room by Hadeler Sunday shortly before noon when he came down to spend the day at the house.

The elderly man apparently had been dead since Wednesday as a calendar in his room had been marked off up to and including February 12.

Mr. Bishop, who had been employed by Hadeler for several years, formerly was a cook in the navy. He is believed to have relatives in England.

Burglars Get Cash From Hotel Garage

SAN MATEO, Feb. 17.—The sum of $18.47 in cash was stolen last night in a burglary at the Benjamin Franklin Hotel garage here.

The money was placed last night in the pocket of an overcoat in the office "for safekeeping," according to Dustin Spainhower, attendant, and was missing when he looked for the cash this morning. A check that was with the money was apparently overlooked.

Mosquitoes are the most dangerous scourge in all India.

State Board Ponders County Fund Request

Following visit to the courthouse Wednesday of two officials, the state board of equalization took under submission San Mateo county's request to exceed its "permissible" budget to prevent the Community Hospital from operating for the rest of the fiscal year "in the red."

Frank C. Merritt, assistant administrator, and Leslie Collier, auditor for the board, conferred with Acting Controller George Filbert, County Manager Walter Kellogg, Health Director Charles C. Gans, Hospital Superintendent Alan Benner and Business Manager Eugene Clapp.

The county seeks permission to spend $44,000 more in the hospital than is allowed under the Riley-Stewart 5 per cent limitation act.

Brazil's federal council for foreign trade is studying the creation of small farm cooperatives equipped with machinery, experts and finances to aid cotton planters throughout the country.

Consul Widow Dies At San Mateo Home

(Special to The Tribune)

SAN MATEO, Feb. 17. Funeral services will be held at the St. Mathews' church here tomorrow at 10:30 a. m. for Mrs. Gertrude Mejia, widow of Encarnacion Mejia, for many years consul-general from Salvador and dean of the consular representatives in San Francisco. Mrs. Mejia died last night at her home here. Her husband died in 1917.

Surviving relatives include four daughters and two sons, Mrs. Andrew Carrigan, Mrs. Peter Folger, Elvira, Lemore, Edwin and Arthur Mejia.

RESISTANCE COSTS $10

SOUTH SAN FRANCISCO, Feb. 19.—Ralph Potter, 22-year-old San Francisco knitter, was fined $10 when he appeared before Justice Clay yesterday afternoon on a charge of resisting an officer. He was arrested by Patrolmen Louis Rinkel and Harold Varney Sunday on the Bayshore highway near San Bruno.

Last Rites Are Held For Jacob Beerman

Funeral services were held at 2 p. m. Monday from the James Crowe Company chapel for Jacob Beerman, 48-year-old carpenter who lived on the Woodside road. He died Saturday after a long illness. The Rev. J. E. Marozik was in charge of the rites.

Left to mourn passing of Mr. Beerman, who was a native of Holland but who had lived here several years, are his wife, Elizabeth E. Beerman; a son, William G. Beerman of San Francisco; a sister, Helen Vermuelen, San Francisco, and a brother, Hendrick Beerman, San Francisco.

MERCHANT DEFIES CITY

(Special to The Tribune)

SAN MATEO, Feb. 19—City ordinance to the contrary or not, Ray C. Hand announced to chamber of commerce officials here today that he intended to keep his store open for business Saturday. An ordinance orders closing of stores on seven legal holidays, one of which is Washington's birthday.

P. A. Woman Injured As Auto Hits Pole

Believed at first to have been injured in a hit-run accident, Mrs. William Ballentini, 1312 Cowper street, Palo Alto, was treated by doctors Wednesday for a fractured nose suffered when her car crashed into a telephone pole at Selby lane and El Camino Real in Atherton.

Chief of Police J. E. Farrell of Atherton received a report that a car registered to Mrs. Rhoda Guerrero of Selby lane had hit Mrs. Ballentini's machine before this car smashed into the telephone pole. Investigation showed this to be an erroneous report, however, since Mrs. Guerrero's car showed no marks of a crash. She said that as she was driving into the lane she heard the squeak of brakes but heard no crash and paid no further attention to the incident.

After emergency treatment, Mrs. Ballentini was taken to Dr. Josiah H. Kirk in Palo Alto.

Holohan to Resign San Quentin Post

SAN FRANCISCO, Feb. 18 (U.P.)—Warden James B. Holohan of San Quentin prison shortly will resign the post he has held since 1927 and California's largest penal institution will have a new director by July 1, it was reported.

It was said the warden may submit his resignation to a meeting of the State Board of Prison Directors scheduled to convene at San Quentin Thursday, or that he may await expiration of his present term before retiring from the overcrowded institution in Marin county, on the shore of San Francisco bay.

In either event his retirement was declared certain.

VICKS VAPORUB

A NEW SERVICE for Car Owners AFTER 1,000 MILES You Need It

AS A DISTINCT SERVICE to our customers we have installed the Weidenhoff Ignition Analyzer. This precision equipment tests the ignition distributor and coil of your car. You actually see an electrical photograph of your car's distributor in action.

It shows exactly how the automatic spark advance mechanism, so essential to "pick-up," is working; whether the distributor points bounce at high speed; whether the distributor shaft is loose, bent or worn; whether the cam on the distributor shaft is worn. It tests the coil under actual operating conditions with the distributor. This makes for "Balanced Ignition," and smooth performance usually associated with a brand new car.

We want you to see this equipment. Come in and let us show you how it gives you NEW CAR PERFORMANCE.

Four Cars Collide, But No One Injured

Although four automobiles suffered bent fenders and bumpers and dents in bodies in a smashup on Main street near Middlefield road at 6:25 p. m. Monday, passengers in all the vehicles escaped injury.

According to police reports, the car of W. M. F. Pendlebury, San Francisco, struck the machine of Mada Schultz, 530 Jackson, Redwood City. It in turn collided with the car of A. Giorvanetti, 310 High street, Palo Alto, which struck the parked car of B. N. Thompson, 1405 Fair Oaks avenue, Menlo Park.

SEEKS $3185 DAMAGES

Damages of $3185.50 for injuries suffered by Charles LeBlanc in an automobile crash January 1 are sought in a suit filed in superior court today through Atty. Manuel F. Sylva against Fred Sparks and Virgil Sandstone.

San Carlos Carrier Dies at Fort Miley

(Special to The Tribune)

SAN CARLOS, Feb. 17.—After a lingering illness, Ray L. Schneider, former postoffice carrier at San Carlos, died early Friday morning at the Fort Miley Hospital.

Schneider, a native of Sedalia, Mo., had been affiliated with the local postoffice for the past three years. He was a disabled World War veteran.

His father, R. L. Schneider, of Sedalia, Mo., arrived at the hospital just a few moments after death had claimed its victim.

STANFORD INSTRUCTOR HURT

(Special to The Tribune)

PALO ALTO, Feb. 17.—D. G. Hare, 28, instructor in physics at Stanford, received slight injuries yesterday afternoon when his car and one of Mildred Silliman of Watsonville collided at the intersection of El Camino Real and Palm drive.

RAIN CAUSES MORE SLIDES AT LA HONDA

County Sends Crews To Clear Highways In Mountains

While Redwood City received only .03 inch of rain, another drenching was given the mountainous area of San Mateo county Tuesday with the result that the La Honda road again was blocked by slides and several more trees were felled, according to reports made to County Engineer U. S. Marshall.

Cables were taken to the areas where trees fell so they could be removed from the road, Marshall said, and the department's "bulldozer," a pusher plow on a tractor, was being used to clear the road of the slides.

Meanwhile the weather bureau brought encouraging news to the coast, part of which has been drenched by 10 days of almost incessant rainfall.

The weather for the next few days will be milder, the United Press quoted the weather bureau as predicting. Rainfall will be in the form of showers. While present conditions point to unsettled weather, no new disturbances are brewing in the Pacific to follow the storms of the past two weeks.

The rainy period, which brought a total precipitation of 19.55 inches for the season in San Francisco, four inches above normal, brought Redwood City's total to 14.07 inches, as compared with 12.17 inches last year. Total for February reached 6.01 inches.

SCHOOLS OPEN AS INFLUENZA HERE ON WANE

90 Per Cent Return To Sequoia High After Close

As the city's high and elementary schools re-opened Monday after nearly a two weeks' vacation due to the influenza epidemic, attendance was reported greatly improved at Sequoia high school but poor in the elementary units.

A 90 per cent attendance was announced at Sequoia by Principal Clarence Argo, but Elementary School Superintendent John Gill reported that although attendance was much improved over the 400-absent figure of last week, 243 elementary school students were still out of school.

He listed the absentees according to schools as follows: McKinley, 96; Lincoln, 31; Central, 38; Garfield, 30; Washington, 27, and Jefferson 21.

Four teachers were absent from the elementary schools but all Sequoia teachers were present.

WPA Worker Dies On Way to Hospital

SAN MATEO, Feb. 17.—Apparently victim of a heart attack, Emerson Estey, 40-year-old worker in the Memorial Park WPA work camp, took sick yesterday and died as he was being rushed to a local hospital. The body of Estey, who was a member of a prominent Benicia family, will be sent there for burial.

Last Rites Conducted For Aged Peninsulan

(Special to The Tribune)

SAN BRUNO, Feb. 17.—Funeral rites were held today in Olivet Memorial Park, Lawndale, for Mrs. Louisa Norman, 76, who died Saturday at her home in San Bruno. She had lived most of her life on the peninsula.

She is survived by her husband, Jesse, and by her sons, Frank of Oakland, and Edwin of Oregon, and a daughter, Mrs. Bertha Grohnert of San Bruno.

SUMMONS
No. 24995

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

ALICE GERTRUDE FOSTER, Plaintiff, vs. GUY LESTER FOSTER, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

The People of the State of California Send Greetings to:

GUY LESTER FOSTER, Defendant.

You are hereby required to appear in an action brought again you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 24th day of October, A. D. 1935.

NOTICE OF APPLICATION FOR PERMISSION TO EXECUTE PROMISSORY NOTE AND DEED OF TRUST
No. 7070—Dept. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of VIRGINIA CHANDLER, Deceased.

H. J. Chandler, as Administrator of the Estate of Virginia Chandler, deceased, of the City of Daly City, County of San Mateo, State of California, having filed with the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, his Petition praying for the issuance of an order of said Court authorizing, empowering and directing him as Administrator of the Estate of Virginia Chandler, deceased, to join with H. J. Chandler individually in the execution of a joint and several note in the sum of $2200.000 payable to Bank of America National Trust and Savings Association, a corporation, and to join with H. J. Chandler individually in the execution of a Deed of Trust securing the said promissory note and made by H. J. Chandler individually and H. J. Chandler as Administrator of the Estate of Virginia Chandler, deceased, as Trustors and Corporation of America, a corporation, as Trustee and Bank of America National Trust and Savings Association, a corporation, as Beneficiary, and which Deed of Trust shall cover certain real property situate in the City of Daly City, County of San Mateo, State of California, to-wit:

Lot 80 as designated on the map entitled "Amended Map of Lindhome Manor Being a Resubdivision of Lots 120 and 122 to 129 Inclusive and a Portion of Lots 118, 119, 130, 131 West End Homestead Association, Daly City, San Mateo Co., California," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on December 27, 1926 in Liber 14 of Maps at pages 73 and 74.

Notice is hereby given by the Clerk of said Court that the hearing of said Petition will be had before the Superior Court at the Court House, in Department No. 2, thereof, in the City of Redwood City, County of San Mateo, State of California, on the 2nd day of March, A. D. 1936, at 10 o'clock a.m. of said date at which time and place, all persons interested, are notified to appear at the time and place mentioned in this Notice and show cause, if any they have, why the order should not be made.

Reference is hereby made to the Petition for further particulars.

S. M. JOINS R. C. IN BOND ACT SUIT

Secret Meets Halted After 2 Councilmen Exchange Words

(Special to The Tribune)

SAN MATEO, Feb. 18—The San Mateo City Council by a 3-2 vote last night decided to join with Redwood City in its suit to determine validity of a 1915 bond act refunding plan. Hearing in the case is set for March 3 in Los Angeles before the state supreme court.

Expected "fireworks" did not materialize at the meeting.

The council in a lengthy session which was marked by verbal spats between Mayor Frank Simmen and Councilman Emil Stein decided to discontinue secret caucuses.

Discussion of salary increases for City Attorney Ernest Wilson, City Judge Arthur Stetson and Fire Chief Hugh Morris was postponed until March 2. The resolution for salary increases would raise Stetson's salary from $120 to $150, Morris' from $200 to $225, and Wilson's from $140 to $200.

SEVEN DIE IN FIRE

HUTCHINSON, Kas., Feb. 18 (U.P.)—Frank O. Broyles, 36, his wife, Florence E. Broyles, 31, and their five children died today when fire destroyed their three-room frame house.

SCOUTERS RAISE FOURTH OF GOAL

Weather, 'Flu' Hold Drive Back at First But Going Now

Off to a slow start because of inclement weather and the influenza epidemic, the Boy Scout drive for funds is rapidly gaining momentum now, according to Duncan Reynard, campaign chairman. He reported today that only $320 of an expected $1200 had now been received.

Because every cent of the goal is needed to carry on scouting activities during the coming year, Reynard urged all local residents to contribute when solicited by members of the corps of workers now engaged in the effort to raise funds.

Cost in this particular district for scouting is particularly low, Reynard pointed out; consequently especial encouragement is deserved. The national average cost per scout for council budget expenditures was $10.37 last year. In San Mateo county the cost is but $6.50, Reynard disclosed.

Besides, Reynard pointed out quoting from a speech delivered in Chicago last May by Rabbi Mann, in this country only 9 cents per child per year is spent on the average to keep him from going wrong. On the other hand, after he has gone wrong, $450 per year is spent to try to win him back.

Said Rabbi Mann: "The last White House conference in Washington on juvenile delinquency brought out the fact that in the United States every year our crime cost is 12 billion dollars, yet, the greatest antidote of crime among boys—the Boy Scout movement—costs but four million dollars or one three thousandth part of the 12 billion dollars a year."

California ships more than two-thirds of all the cauliflower grown in the United States.

STOCK BUILDING BIDS ARE ASKED

PWA Funds Received For Huge Project In North End

Agricultural District No. 1-a, comprising San Mateo and San Francisco counties, is now advertising for bids for the construction of livestock exposition buildings to be erected on the county line between San Mateo and San Francisco counties in Visitacion Valley, according to C. H. Sooy, district president.

The project includes the main horse show arena building 300 feet wide and 400 feet long of reinforced concrete and steel construction.

On December 3, 1935, the district received bids on this project and as the bids were in excess of the money available for construction all were rejected. However, since that time the district has obtained aid for the project from the Federal Works Progress Administration which is at this time doing preliminary work of grading, excavating concrete footings and foundations, thus bringing the work up to finished grade lines.

The work for which bids are now being advertised is therefore confined to the superstructure and in addition various revisions involving reductions in cost have been made in the original plans and specifications. For this work required for the superstructure the district has received in cash $250,000 from San Francisco, $250,000 from the state and an allotment of $199,000 from the PWA.

Plans and specifications for this project may be obtained by qualified contractors from the department of public works, division of architecture, Sacramento, by depositing $50 which is returnable.

Additional plans and specifications are on file at the Builders Exchange Building, 666 Mission street, San Francisco, at the office of the architect, W. D. Peugh, at 333 Montgomery street, San Francisco, also at the office of the division of architecture, room 803 California State Building at Los Angeles, and at the Builders Exchange in Long Beach.

The project was officially advertised for bids on February 14, and bids will be received and opened in the office of George B. McDougall, state architect, Public Works Building, Sacramento, on March 10.

ACTS TWO WAYS AT ONCE

County Fund Asked For Veterans' Rites

The United Veterans' Council in a communication to the board of supervisors today asked that funds be provided by the county to provide "decent burials" for veterans who die without leaving sufficient means for funerals. The amount would be limited to $125 for each funeral, according to a resolution recently passed by the council, Dr. John N. Blood, president, and Emmett Donnelly, secretary, said in the communication.

New Addresses Here Listed at City Hall

New residence addresses recorded at the city hall during the past week are Mrs. A. W. Tate, Oak Knoll drive, Emerald Lake; U. R. Pringle, 274 Sequoia; B. A. Barteaux, 531 Fuller; W. J. Cochran, Hillcrest and Oak Knoll, Emerald Lake; Mrs. E. Friend, 274 McKinley; J. W. Billings, 910 Vera; J. W. Foster, 409 Jackson; D. W. Keel, 633 Pine; Salvador Escobido, 1677 Highway, and William H. Pugh, 419 East Fuller.

Manteca Baby Beef To Be Featured

Announcement was made today by Floyd Smith, proprietor of the Quality Market, 2636 Broadway, that starting today, he will sell only Manteca, specially fed baby steer beef.

According to Smith, a secret diet is used in feeding which makes this beef exceptionally tender. It is also stated that it gives the meat a delicious flavor and yet it is possible to sell it at a low price.

3 TOPICS NAMED FOR COMPETITION

Prizes Offered Pupils By Legion Auxiliary In Annual Event

Because of the recent closing of schools due to the influenza epidemic, final date for submission of essays in the second annual Americanism Essay Contest will be March 13 this year, Mrs. Florence Donnelly, Americanism chairman of the eighth district, American Legion auxiliary, announced today.

All pupils of the high and elementary schools of Redwood City are eligible to participate. Originally set to close on Washington's Birthday, February 22, the contest was extended so that all students desiring to enter the contest could do so.

The number of entrants has materially increased over last year, according to Mrs. Donnelly. This is because the contest, sponsored by the legion auxiliary as part of its educational program, has been included in the regular curriculum of many schools.

Pupils in grades from the first to sixth have been assigned the subject, "Our Flag of the United States." Word limit in these classes is 150. Seven prizes of $1 each for the best essays are being offered.

Pupils in the seventh and eighth grades are writing on "What Constitutes Good American Citizenship." Here the word limit is 250. Two prizes of $2 each are offered.

High school students write on "Duties of American Citizenship," with a 500-word limit. Here a prize of $5 is offered.

All prizes are given by the local unit No. 105, legion auxiliary.

COLORS FOR JACKETS

The jacket suit identified with Fred Astaire favors the combination of beetroot red, brown, hunter green, black or navy with white, the dark for velveteen collar, skirt and monogram on a white sweater. Shops have been accenting white with black contrast for resorts.

SPEEDER PAYS $2.50

David Thompson, 38, San Francisco, yesterday paid $2.50 for speeding on the Bayshore highway when he appeared before Justice Edward I. McAuliffe.

Wade to Fight Discrimination In Rail Plans

Warned by Supervisor Fred Beer, San Carlos, that the peninsula may face the possibility of an increase in commutation fares if its interests are not protected, the board of supervisors Monday named Attorney Harry Wade, San Francisco, to represent the county at hearings to be held shortly into final approval of the San Francisco-Oakland bay bridge rail contracts.

Beer said that the contracts, if approved as they now stand, will absolve the Southern Pacific of responsibility for giving the peninsula equal service and fares as furnished Alameda county.

It is to protect against this discrimination that Wade was employed. He will be paid $500 for his services. The appointment was approved upon motion of Supervisor Albert Witt Jr., Colma, seconded by Supervisor John Poole, Redwood City.

$83,000 Awarded Brisbane Sewers

Supervisor Witt revealed to the board today that $83,000 has been approved for WPA street and sewer projects in Brisbane, following a lengthy report by Hugh Pomeroy, planning advisor, of the trip the two made to Washington, D. C., to "unfreeze" the red tape which held up the $1,112,000 WPA program.

Pomeroy credited Witt, Congressman John J. McGrath and George Creel, Democratic leader, with successful efforts to win the additional WPA funds which had been held up. He said the case load in this country had been credited to Mills Field and other projects, and only by making the trip to the East was it possible to secure the additional funds.

Supervisor Witt expressed the opinion that if the county had not been shaken by turmoil for so many months that perhaps several hundreds of thousands more might have been secured.

Chairman Manuel Francis commended both of them for their successful efforts.

$50,000 Requested On Pescadero Road

Submission of a WPA project for $50,000 for a 1.8 mile unit of the Pescadero road was approved by the board in a resolution submitted by Chairman Francis and County Engineer Urban Marshall.

This unit will be situated between the San Mateo County Memorial Park to the first crossing of the Pescadero creek. It would be built under new federal moneys which will be released for roads as the result of efforts of Witt and Pomeroy in Washington.

A $50,000 La Honda road project will be submitted next week.

$44,789 Additional For Hospital Asked

The board authorized County Executive Walter Kellogg to go to Sacramento and interview state officials to permit the expenditure of $44,789 additional for operation of the Community Hospital for the balance of the year.

The institution is faced with a deficit if these funds are not allowed. The money is set up in a budget for $211,190 which the board approved, but which Auditor Edward Stack says is that much over the 5% Riley-Stewart act limitation.

If the state does not allow the extra sum, a budget of $166,401 will be all that the hospital will be allowed, and the deficit will be incurred.

Hog Ordinance Wins Approval

The long-discussed county hog ordinance was given the board's approval upon motion of Supervisor Beer, seconded by Supervisor Poole, after Deputy District Attorney Daniel Sullivan reported that it complied with the changes which the board had desired.

The ordinance requires a permit for operation of a hog ranch of 50 or more hogs; a certificate of sanitation, and a license, to cost $100 per year. All floors must be of concrete and walls must be of similar construction for the first two feet off the ground.

Other Matters Before County

Other actions included:

Filed report of Peace and Judicial Officers' group regarding traffic conditions and heard Allen J. Ward of the grand jury ask "serious consideration" of its points;

Authorized removal of 307 black acacia trees in Millbrae and replacement with yellow acacias at cost of $700 to preserve pavements;

Agreed to purchase Henshaw and Spring Valley properties near the San Francisco county line on the San Mateo county coast for park and recreational uses and submitted papers to district attorney for approval;

Supported plea of Transcontinental Western Air for permit to operate between Mills Field and Albuquerque, N. M.;

Referred to engineer anr planners request of petitioners for closing of Prospect street (Albion avenue extension, Woodside), and will further consider matter next Monday.

California houses hundreds of its insane on model farms, run in connection with asylums.
